

Guidelines (final version):

neg: Speeches which contain negative feelings/emotions such as anger, sadness, disgust, shock, fear, irony, sarcasm etc. are annotated as neg.

pos: Speeches which contain positive feelings/emotions such as joy, anticipation, surprise, relief, compliment etc. are annotated as pos.

neutral: Speeches which contain very little or no feelings/emotions, such as a statement or pure question, command etc. are annotated as neutral.

mix: Speeches which contain varying or mixed feelings/emotions are annotated as mix and assign a general tendency (pos/neg) in the comment column.
